

**CASE  
HISTORY  
REPORT**

**INPRO/SEAL**

Company name: **BASELL** Location: **Berre l'Etang  
Marseille - France**  
Industry: **Oil Refining & Petrochemical**

The Dutch Company BASELL has bought in 2008 the Shell refinery of Berre l'Etang. In 2006 they have already acquired the Petrochemical platform of Shell.

Shell refinery and petrochemical plant have started to install INPRO/SEAL Bearing Isolator in **2001**. During these 7 years they installed our labyrinths on: Process pump, boiler feed pump, steam turbine, cooling tower gearboxes and fan solid bearing housing.

Presently more than **100** machines are fitted with our INPRO/SEAL Bearing Isolator.
